PERCENTAGE : 88%

Senior Shree Ram Model High School / Pre-Matric
APRIL 2014 -MARCH 2015, FARIDABAD

CGPA : 7.6

Personal Projects

Social App

React,Redux and Firebase Web app | Personal Project

Git Repo:
https://github.com/Kuljeet-123/Social-App-Using-React-And-Firebase-Client

Social App is a web application that was built with the React and Firebase for my web development class.I made this web application for my side project . I learned React and Firebase, so I was looking for some sort of project where I could practice and gain experience with them. After going through a ton of ideas, I decided to build a web application.The app uses React and Redux to manage the front-end and Firebase to manage the backend.

Web Portfolio

Portfolio Website | Personal Project

Git Repo : https://github.com/Kuljeet-123/kuljeet-123.github.io

Portfolio Link: https://kuljeet-123.github.io/

This is My personal portfolio website I designed and built in 2019. I learned quite a bit about HTML, CSS, BOOTSTRAP,JQUERY and JAVASCRIPT . Since then, I think my web development and design skills have improved immensely.

Chatting App

Node.js , Express.js & Socket.io | Personal Project

Git Repo:https://github.com/Kuljeet-123/Chat-App-Using-Node.js

Live Demo: https://kuljeet-123-chat-app-using-node-js.glitch.me/Demo%20App%20chat/

This was a very simple chat application based on Node.js,Express & Socket.io. This is the first basic project I made using Node,express,Socket and MongoDB. This chat App can be used for sending emojis,keyboard support and online user count statistics.

Certification & Awards

- *Girlscript Outreach Scholarship program winner.*
- *Awarded as Mr. Singh in college fest in 2k19.*
